

# “PRECISION FARMING FOR SMART & SUSTAINABLE AGRICULTURE”

## INVITATION FARM VISIT & BBQ

For the first time the European Agricultural Machinery Association (CEMA) and Bayer CropScience will bring together their expertise to invite Brussels stakeholders for a Farm Visit and a demonstration on “Precision Farming for Smart and Sustainable Agriculture”.

EU decision makers in Agriculture and Environmental Policy are invited to get first hand insights into the latest farming technologies and machineries and their contribution to sustainable agriculture.

### WHEN?

- **Monday, 29 June 2015: 12:15 – 18:30**
- **Tuesday, 30 June 2015: 12:15 – 18:30**

### WHAT?

- **Modern production techniques** – that deliver high yields, protect biodiversity, control pests, increase beneficial insects and pollinators and reduce erosion
- **Precision machinery** – Tractors, seeding machines, sprayers, cabine and driving simulators
- **Digital Farming** – GPS technology and Precision Land Management telematics systems

### WHERE?

- “Hof ten Bosch” in Huldenberg near Brussels (20-30 minutes transfer)

The visit also includes a **BBQ**, giving you plenty of time to digest the impressions of the day, ask further questions, discuss with the farmers and experts from Bayer, CEMA and other participating companies, or simply enjoy the country side.

The visits take around **4 hours**. We organise **transport from and to Place Luxembourg**.
